

Natural Shine™ 2015

Citrus Coating for Prolonged Storage

BENEFITS

- Most durable coating available
- Maintains fresh flavor and internal fruit quality
- Minimizes rind breakdown in long-term storage
- Delays ripening without adverse effect on fruit quality

PRINCIPAL USE

Natural Shine 2015 is used when a durable shine is needed and when fruit may be stored long term.

COMPOSITION

Natural Shine 2015 is made of food grade components that conform with FDA regulations, 21 CFR, Part 172, for food-use coatings.

DIRECTIONS

Wash fruit with a detergent, applied in a tank or on line, rinse with water and dry. Apply Natural Shine 2015 on clean, dry fruit using overhead spray and dry the coating in a tunnel. Carefully clean all rollers and equipment with water after the coating process is completed.

See product label for specific use direction, dilutions, and rates of application.
