

# PacRite® 505-35

## Lemon Coating for Long Term Storage

### BENEFITS

- Excellent shrinkage control during storage
- Provides lubrication to minimize abrasion on sorting lines
- Retards high color development

### PRINCIPAL USE

PacRite® 505-35 is a lemon storage coating designed specifically for use in long term storage situations.

### COMPOSITION

PacRite® 505-35 is a coating made of food-grade ingredients that conform with FDA regulations, 21 CFR, Part 172, for food-use coatings.

### DIRECTIONS

PacRite® 505-35 is a concentrated coating that must be diluted prior to use. Dilution rates depend on fruit condition and duration of storage.

See product label for specific use directions, dilutions, and rates of application.
