

PacRite® Fungaflor 500 EC

An Emulsifiable Concentrate of Imazalil Fungicide for Citrus Processing

BENEFITS

- Controls green mold, blue mold, phomopsis stem end rot, diplodia rot, and *Alternaria citri* on citrus fruits
- Curative and preventative action
- Sporulation control

PRINCIPAL USE

PacRite® Fungaflor 500 EC is a postharvest fungicide containing 500 g/L imazalil. Imazalil is highly effective against blue and green mold of citrus and the only available fungicide that also gives effective control of sporulation. Imazalil also controls stem end decay of citrus. PacRite® Fungaflor 500 EC can be used in aqueous or dips or incorporated into coatings.

COMPOSITION

PacRite® Fungaflor 500 EC contains 44.6% imazalil active ingredient and is registered as a fungicide by the U.S. Environmental Protection Agency (EPA).

DIRECTIONS

See product label for specific use direction, dilutions, and rates of application.
