

SOPP Soap US

Postharvest Fungicidal Cleaner for Citrus Fruits

BENEFITS

- Cleaner that kills early growth stages of fungal infections in wounds
- Sanitizes brush beds during use

PRINCIPAL USE

SOPP Soap is a postharvest fungicidal cleaner used to control blue and green mold and sour rot of citrus. It also sanitizes brushes in wash beds. The active ingredient, sodium ortho-phenylphenate (SOPP) is effective in killing decay organisms that infect fruit in harvest and handling injuries.

COMPOSITION

SOPP Soap contains 13% sodium ortho-phenylphenate active ingredient, which is equivalent to 20% SOPP tetrahydrate. It is registered as a fungicide with the U.S. Environmental Protection Agency (EPA).

DIRECTIONS

See product label for specific use direction, dilutions, and rates of application.
