

# Foam-Cide

## Foam Reducing Agent

### BENEFITS

- Decreases excessive foaming

### PRINCIPAL USE

Foam-Cide is used to decrease foaming in coating and drenching solutions.

### COMPOSITION

Foam-Cide is made with ingredients that conform with FDA regulations, 21 CFR, Part 173.340, for defoamers.

### DIRECTIONS

For maximum effectiveness, add Foam-Cide to solution before foam builds up. Increase or reduce rate in subsequent solutions as conditions warrant.

See product label for specific use directions, dilutions, and rates of application.
