

Nature's Shield[®] 440-BF

Organic Citric Acid Buffer

BENEFITS

- Concentrated solution for economical use

PRINCIPAL USE

Nature's Shield[®] 440-BF is a concentrated solution that can be used in automated sanitation systems in the processing of organically grown fruits and vegetables.

COMPOSITION

Nature's Shield[®] 440-BF is a concentrated solution that is composed of 40-60% citric acid and conforms with FDA regulations, 21 CFR, Subpart D, Section 173.315 for washing fruits and vegetables.

DIRECTIONS

Add 1 quart of 440-BF for every 1000 gallons of chlorinated water. Check pH and adjust the buffer/water ratio as necessary to achieve pH of 6.5 - 7.5.

See product label for specific use direction, dilutions, and rates of application.

Pace International
Brings Innovative Solutions and Technologies to
Increase Efficiencies in Application Processes
with Unsurpassed Service Quality

The Leading Postharvest Specialist

Innovative Technologies
High Quality Products
Efficient Application Systems
Professional Services & Support
