

Acidex Duo

Dual Spectrum Fruit Cleaner for Apple Processing

BENEFITS

- Removes natural wax to prepare fruit surface for coating
- Hard water “bloom”/mineral deposit remover
- Mildly acidic, low odor, non-caustic cleaner
- Minimizes corrosion of equipment and costly clean
- Highly economical for volume production

PRINCIPAL USE

Acidex Duo is a dual spectrum acid-based cleaner to be used to remove accumulation of thick natural wax and calcium deposits from fruit in preparation for coating application. This dual spectrum cleaner eliminates the need for two different fruit cleaners to be used in the same packingline.

COMPOSITION

Acidex Duo is made with ingredients that conform with FDA regulations, 21 CFR, Subpart D, Section 173.315, for washing fruits and vegetables.

DIRECTIONS

Apply to fruit with an overhead spray bar. If possible, run fruit through brushes for thorough scrubbing. Always rinse fruit with potable water and thoroughly dry the fruit before applying coatings.

See product label for specific use directions, dilutions, and rates of application.

**Pace International
Brings Innovative Solutions and Technologies to
Increase Efficiencies in Application Processes
with Unsurpassed Service Quality**

The Leading Postharvest Specialist

Innovative Technologies
High Quality Products
Efficient Application Systems
