

PrimaFresh® Durashine™

Premium Carnauba Coating with Durable, Long-Lasting Shine

BENEFITS

- Sustain a brighter and longer lasting shine after cold storage.
- Resists “hazy” appearance on late harvest & naturally waxy varieties.
- Keep fruit from whitening under extreme shipping & marketing conditions.
- The All-In-One coating for both exports (refer to regulatory agencies for list of countries approved for exports) and domestic loads.
- Dries well and requires minimal heat during the drying process.
- Coats and levels effectively.
- Gentle on fruit and will not harm brushes or equipment.
- Compatible with most fungicides.

PRINCIPAL USE

PrimaFresh® Durashine™ is a durable, long-lasting carnauba based protective coating for postharvest use on apples.

COMPOSITION

PrimaFresh® Durashine™ is composed of ingredients that conform with FDA regulations, 21 CFR, Part 172, for food coatings.

DIRECTIONS

Use at full strength. For best results apply directly to clean, dry fruit. Rinse coating application systems daily with potable water. See product label for specific use direction, dilutions, and rates of application.

Pace International
Brings Innovative Solutions and Technologies to
Increase Efficiencies in Application Processes
with Unsurpassed Service Quality

The Leading Postharvest Specialist

Innovative Technologies
