

# PrimaFresh® 45

## Carnauba Based Coating for Stonefruits

### BENEFITS

- Allows coating of stonefruit to retain their natural color “bloom”
- Can be mixed with postharvest fungicides

### PRINCIPAL USE

PrimaFresh® 45 is a protective coating formulated especially for plums to retain their natural color “bloom”. It is also an effective coating for peaches and nectarines.

### COMPOSITION

PrimaFresh® 45 is a food-grade emulsion containing carnauba and fatty acid soap and other ingredients that conform with FDA regulations, 21 CFR, Part 172, for food coatings.

### DIRECTIONS

Apply 1 gallon PrimaFresh® 45 per 15,000-30,000 lbs of fruit via overhead spray or drop system auto brushes or rollers.

See product label for specific use directions, dilutions, and rates of application.
