

Primafresh[®] 200

Protective Mineral Oil Coating for Stonefruits

BENEFITS

- Reduces fruit shrinkage due to moisture loss during cold storage and distribution
- Enhances fruit color
- Economical to use; one gallon per 20,000 to 25,000 pounds of fruit
- Can be mixed with postharvest fungicides

PRINCIPAL USE

Pac-Rite[®] 200 is a protective mineral oil coating for stone fruit

COMPOSITION

Pac-Rite[®] 200 is composed of ingredients that conform with FDA regulations, 21 CFR, Part 172, for food coatings.

DIRECTIONS

For best results apply directly to clean, dry fruit. Rinse coating application systems daily with potable water.

See product label for specific use directions, dilutions, and rates of application.
