### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals**

CAUTION. Harmful if swallowed or if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**Personal Protective Equipment (PPE)**

Applicators and other handlers must wear:

- long-sleeved shirt and long pants
- waterproof gloves
- shoes plus socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

**User Safety Recommendations**

Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**Environmental Hazards**

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean highwater mark. Do not contaminate water when disposing of equipment washwater or rinsate.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Intended for postharvest control of *Penicillium digitatum* (green mold), *Penicillium italicum* (blue mold), *Phytophthora* spp. (brown rot) on citrus fruits.

**PacRite KPhos** is formulated for aqueous application only as a dip, wash, or drench. Used as directed, PacRite KPhos has curative and preventative action and should be integrated into an overall disease management program within each packinghouse. PacRite KPhos is compatible with TBZ and imazalil fungicides. Prior to tank mixing PacRite KPhos with other agricultural chemicals, conduct a jar test as follows: Add the proportionate amounts of the products to 1 qt. of water or wax/oil emulsion. Add wettable powders and water-dispersible granules first, followed by liquid flowables, and emulsifiable concentrates last. After thorough mixing, let stand for at least 5 minutes. Separation, globules, sludge, flakes or other precipitates are indicative of physical incompatibility. Physical compatibility is indicated if the combination remains mixed or can be remixed readily.

THE CROP SAFETY OF ALL POTENTIAL PESTICIDE TANK MIXES INCLUDING ANTI-SCALD AGENTS AND WAXES HAS NOT BEEN TESTED ON ALL CITRUS VARIETIES. BEFORE APPLYING ANY TANK MIX, CONFIRM SAFETY TO THE TARGET FRUIT.

**DOSE RECOMMENDATIONS:**

In dips, wash tanks, and drenchers, apply PacRite KPhos at rates of 1.2 – 3.5 gal. of product per 100 gal. of water. Use higher rate under severe disease pressure. Ensure thorough coverage of treated fruit. Treatment solution may be heated up to 50°C (122°F) for better effectiveness. Periodically check the treatment solution to insure the proper concentration of the active ingredient. Once treated, allow fruit to air dry. Repeated applications of PacRite KPhos may be necessary.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry place.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Nonrefillable Container: Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into the application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

#### Warranty Limitations and Disclaimer

To the extent consistent with applicable law, Pace International LLC warrants that at the time of delivery, the product will conform to its chemical description on the label, that it will pass without objection in the trade under the contract description, that seller will convey good title thereto, and that such product will be delivered free from any lawful security interest, lien or encumbrance.

This is the only warranty made on this product. Pace International LLC EXPRESSLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND, EXCEPT AS SET FORTH IN THE ABOVE PARAGRAPH, ANY OTHER EXPRESS OR IMPLIED WARRANTIES. To the extent consistent with applicable law, buyer assumes all risk of use of this material when such use is contrary to label instructions. Read and follow the label directions carefully.
