

Drench-Phos

P O S T H A R V E S T

Phosphoric Acid pH Acidifier/Buffer

FOR AGRICULTURAL USE ONLY
Not for aquatic use.

ACTIVE INGREDIENT:
 Phosphoric Acid.....24.0%
 OTHER INGREDIENTS.....76.0%
 Total.....100.0%
 CA Reg. No. 64864-50012-AA EPA Est. No. 64864-WA-001
 WA Reg. No. 64864-04001

DANGER

KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENTS

CORROSIVE. May be corrosive to metals. Maybe harmful if swallowed. May be harmful in contact with skin. Causes severe skin burns and eye damage. Causes serious eye damage..

PRECAUTIONARY STATEMENTS

Keep only in original container.
Do not breathe mist, spray, or vapors.
Wash hands thoroughly after handling.
Wear protective gloves, protective clothing and eye/face protection.
Absorb spillage to prevent material-damage.

FIRST AID STATEMENTS

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor for medical advice/attention.
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse with soap and water, shower. Wash contaminated clothing before reuse.
IF SWALLOWED: Rinse mouth. Do not induce vomiting. Call a Poison Control Center or doctor if you feel unwell.
IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor for medical advice. Specific treatments see SDS Section 4 First Aid Measures.

DIRECTIONS FOR USE

For use with 12.5% sodium hypochlorite solution as specified or under the direction of PACE technical representatives.

To regulate the pH of chlorinated water for fruit and vegetable processing: In chlorinated water, add one gallon of Drench-Phos for every 3 gallons of 12.5% sodium hypochlorite solution that was added to the water, so that available chlorine concentrations are achieved as desired for treatment. Do NOT mix directly with chlorine or with chlorinated water containing more than 400 ppm total chlorine.

ENVIRONMENTAL HAZARD

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your

State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated area away from direct sunlight. Do not freeze. May be corrosive to metals: Keep in original container. Store in corrosive resistant container with a resistant inner lining. Keep container upright to prevent leakage. Do not contaminate water, food or feed by storage or disposal. Absorb spillage to prevent material damage and store in a locked location.

PRODUCT DISPOSAL: Wastes resulting from the use of this product must be disposed on site or in accordance with local/regional/national/ or international regulations. **CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org. Decontaminated and punctured containers may also be disposed of in a sanitary land fill.
