eFOG-170[®] DPA

POSTHARVEST

SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

eFOG-170® DPA Product Name: EPA Reg# 64864-69

Product Code: 10417

Product Use: Antiscald Agent for Post Harvest Treatment of Apples by Thermal Fogging

Product For Agriculture Use Only

Restrictions:

Manufacturer: Pace International, LLC

Address: 5661 Branch Road, Wapato, WA 98951

Phone Number: 800-936-6750 (Monday-Friday, 7:00 a.m. - 4:00 p.m.)

Medical Emergency Phone Number: 888-271-4649 (PROSAR)

Transportation Emergency Phone Number: 800-424-9300 (CHEMTREC)

2. HAZARDS IDENTIFICATION

GHS Classification in accordance with 29 CFR 1910 (2012 OSHA Hazard Communication Standard)

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Classification:

Physical, Flammable liquid, Category 3

Eye irritation, Category 2

Specific Target Organ Toxicity - repeated

exposure, Category 2

Acute Aquatic toxicity, Category 2

Hazard Symbols:

Hazard Statements:

WARNING

H226 Flammable liquid and vapour. H319 Causes serious eye irritation.

H373 May cause damage to organs through prolonged or repeated exposure.

H401 Toxic to aquatic life.

Precautionary Statements: Prevention Statements:

P210 Keep away from heat/sparks/open flames/hot surfaces. No

smokina.

P233 Keep container tightly closed.

P240 Ground/Bond container and receiving equipment.

P241 Use explosion-proof electrical/ventilating/lighting/equipment.

P242 Use only non-sparking tools.

P243 Take precautionary measures against static discharge.

P264 Wash hands thoroughly after handling.

P280 Wear protective clothing, chemical resistant gloves, and safety glasses. Fogging applicators must wear a NIOSH-approved

full-face respirator with organic vapor filter.

P260 Do not breathe fumes/gas/mist/vapors/spray.

P273 Avoid release to the environment.

Response Statements:

P303/361/353 IF ON SKIN (or hair): Take off immediately all

contaminated clothing. Rinse skin with water/shower.

P370/378 In case of fire: Use dry chemical, CO₂ to extinguish. P305/351/338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing.

P337/313 If eye irritation persists: Get medical advice/attention.

P314 Get medical advice/attention if you feel unwell.

Storage Statements:

P403/235 Store in a well-ventilated place. Keep cool.

Disposal Statements:

P501 Dispose of contents/container should be made in accordance with applicable regional, national and local laws and regulations.

Other Hazards:

Hazard(s) not otherwise classified

(HNOC):

Supplemental information

None known.

None known.

This is a registered EPA product. The product labeling is in

compliance with EPA regulations and guidelines Refer to product label for further information.

3. COMPOSITION/INFORMATION ON INGREDIENTS

<u>Ingredient</u>	<u>CAS #</u>	Concentration (w/w %)
Diphenylamine	122-39-4	17%
Acetic acid, pentyl ester	628-63-7	10%
Acetic acid, ethyl ester	141-78-6	5%
Other ingredients*	balance	68%
*Other Ingredients not identified are trade secrets and non-hazardous.		

4. FIRST AID MEASURES

General Have the product container, label or Safety Data Sheet with you when calling a poison control

Advice: center or physician, or going for treatment. You may also contact PROPHARMA (PROSAR) 1-

888-271-4649 for emergency medical treatment information.

If on Skin: Take off immediately all contaminated clothing. Wash skin with plenty of soap and

water/shower. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated

clothing before reuse.

If in Eyes: Hold eye open and cautiously rinse slowly and gently with water for 15 - 20 minutes. Remove

contact lenses if present and easy to do after the first 5 minutes, then continue rinsing eye. If

eye irritation persists: Get medical advice/attention.

If Swallowed: Call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to

do so by a poison control center or doctor. Do not give anything by mouth to an unconscious

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give

artificial respiration, preferably mouth-to-mouth, if possible.

Most Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred

hazardous to health may be formed.

important vision. Prolonged exposure may cause chronic effects.

Symptoms / effects, acute

and Delayed:

Indication of any immediate

medical attention and special treatment

Provide general supportive measures and treat symptomatically. Symptoms may be delayed.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: **Unsuitable Extinguishing**

Media:

needed:

Special Hazards Arising from

the Chemical:

Hazardous combustion

products:

and precautions for

equipment/instructions:

firefighters: Fire-fighting

Special protective equipment

In case of fire and/or explosion do not breathe fumes. Move containers from

fire area if you can do so without risk.

Specific methods: Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards: Flammable liquid and vapour.

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

considerable distance to a source of ignition and flash back. During fire, gases

Water fog. Alcohol resistant foam. Dry chemical powder. Carbon dioxide.

May include and are not limited to: Oxides of carbon. Oxides of nitrogen.

Do not use water jet as an extinguisher, as this will spread the fire.

Vapours may form explosive mixtures with air. Vapours may travel

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Wear appropriate protective equipment and clothing during clean-up. Do not breathe mist or vapour. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering them. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up:

Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil etc.) away from spilled material. Take precautionary measures against static discharge. Use only non-sparking tools. Prevent entry into waterways, sewer, basements or confined areas. Wipe or mop up liquid, if any, and dispose properly. Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

Environmental precautions:

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats

by cleaning of equipment or disposal of wastes

DO NOT discharge effluent containing this product into sewer systems, lakes,

streams, ponds, estuaries, oceans or other waters. Avoid release to the environment. Toxic to aquatic life.

7. HANDLING & STORAGE

Precautions for safe handling:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Consult Agricultural Experiment Station or Extension Service pomology specialists for current recommended DPA use-solution concentrations for local apple varieties.

Do not handle, store or open near an open flame, sources of heat or sources of ignition.

Protect material from direct sunlight.

Do not store near or use with oxidizing agents.

When using, do not eat, drink or smoke.

Obtain special instructions before use. Do not handle until all safety precautions have been

read and understood.

Do not breathe mist or vapour. Wash thoroughly after handling.

Wear appropriate personal protective equipment when handling this product. Do not handle or store near an open flame, heat or other sources of ignition.

Conditions for safe storage, including

Do not contaminate water, food or feed by storage and disposal.

TWA

any incompatibilities:

PESTICIDE STORAGE: Avoid storing below $40^{\circ}F$ (5° C). In case of spill or leak, absorb liquid with sawdust or other absorbent material and incinerate or dispose of it in approved

disposal area. Keep out of reach of children.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Biological limit values No biological exposure limits noted for the ingredient(s).

Exposure guidelines See above

Appropriate engineering Good general ventilation (typically 10 air changes per hour) should

controls

be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Individual protection measures, such as personal protective equipment

Eye/face protection Wear chemical goggles, safety glasses or face shield.

Skin protection

Hand protection Chemical-resistant gloves made of any waterproof material such as polyvinyl

chloride, nitrile rubber, or butyl rubber

Other Handlers (including mixers, loaders, persons cleaning or setting up the

fogging equipment, and persons handling treated fruit still wet with product) and fogging applicators must wear: long-sleeved shirt and long pants, chemical-resistant gloves made of any waterproof material such as polyvinyl chloride, nitrile rubber, or butyl rubber, shoes and socks, protective eyewear (such as goggles, safety glasses, or a face shield), except for fogging

applicators.

Respiratory protection Fogging applicators must wear at a minimum a NIOSH approved full face air

purifying respirator with combination organic vapor/particulate filter cartridge. Always let the fog settle prior to entering a room that has been fogged with

this product.

Thermal hazards Not applicable.

General hygiene considerations Users should wash hands before eating, drinking, chewing gum, using

tobacco or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly

and change into clean clothing.

Mobility in soil:

No data available.

Mobility in general:

Not available.

Other adverse effects: Toxic to aquatic environment. DO NOT discharge effluent containing this product

into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

13. DISPOSAL CONSIDERATIONS

Disposal instructions: Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

Dispose of contents/container in accordance with local/regional/national/international

regulations.

Hazardous waste code: The waste code should be assigned in discussion between the user, the producer and

the waste disposal company.

Waste from residues / unused products:

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be

disposed of on site or at an approved waste disposal facility.

Contaminated packaging:

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container

to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray

mixture in the tank.

2. Follow provincial instructions for any required additional cleaning of container

prior to disposal.

3. Make the empty, rinsed container unsuitable for further use.

4. Dispose of container in accordance with provincial requirements.

5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the

provincial regulatory agency in case of a spill, and for clean-up of spills.

14. TRANSPORT INFORMATION

Proper shipping name: Flammable Liquid, n.o.s. (Acetic

acid ethyl ester, Acetic acid, pentyl

ester)

Hazard class(es): 3
Packing group: III

Marine Pollutant: IMDG Regulated Marine Pollutant.

Special precautions: B1, B52, IB3, T4, TP1, TP29

Packaging exceptions: 150
Packaging non bulk: 203
Packaging bulk: 242

15. REGULATORY INFORMATION

US FEDERAL This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication

REGULATIONS Standard, 29 CFR 1910.1200.

This is an EPA registered product. This material can only be used commercially in the

EPA registered application(s) noted on the product label.

KEEP OUT OF THE REACH OF CHILDREN.

CAUTION:

If you do not understand this label, find someone to explain it to you in detail.

PRECAUTIONARY STATEMENTS:

Hazard to humans and domestic animals.

Caution. Harmful if absorbed through skin or if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear eye protection (such as goggles, safety glasses, or a face shield) when mixing and loading. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. Do not contaminate water by cleaning of equipment or disposing of equipment washwater or rinsate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: Combustible. Do not use or store near heat or open flame. Do not store near or use with oxidizing agents.

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Restrictions: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Consult Agricultural Experiment Station or Extension Service pomology specialists for current recommended DPA use-solution concentrations for local apple varieties.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Avoid storing below 40° F. In case of spill or leak, absorb liquid with sawdust or other absorbent material and incinerate or dispose of it in approved disposal area. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip the container on its side and roll back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling, if available or puncture and dispose of in a sanitary landfill, or by incineration. Do not burn, unless allowed by state and local ordinances.

16. OTHER INFORMATION HMIS Ratings: NFPA Ratings: 2 0 Reactivity – 0

The information provided in this Safety Data Sheet (SDS) is provided in good faith and believed to be accurate at the time of preparation of the SDS. However, to the extent consistent with applicable law, Pace International, LLC and its subsidiaries or affiliates extend no warranties, make no representations, and assume no responsibility as to the accuracy, suitability, or completeness of such information. Additionally, to the extent consistent with applicable law, neither Pace International, LLC nor any of its subsidiaries or affiliates represents or guarantees that this information or product may be used without infringing the intellectual property rights of others. Except to the extent a particular use and particular information are expressly stated on the product label, it is the users' own responsibility to determine the suitability of this information for their own particular use of this product. If necessary, contact Pace International, LLC) to confirm that you have the most current product label and SDS.

This Safety Data Sheet (SDS) serves different purposes than and DOES NOT REPLACE OR MODIFY THE EPA-APPROVED PRODUCT LABEL (attached to and accompanying the product container). This SDS provides important health, safety, and environmental information for employers, employees, emergency responders and others handling large quantities of the product in activities generally other than product use as required by the Occupational Health and Safety Act (29 CFR 1910.1200, "Hazcom"). The product label provides information specifically for product use in the ordinary course. Use, storage and disposal of pesticide products is regulated by the EPA under the authority of FIFRA through the product label. All necessary hazard classification and appropriate precautionary use, storage, and disposal information is set forth on that label or labeling accompanying the pesticide or to which reference is made on the label. It is a violation of federal law to use an EPA-registered pesticide product in any manner inconsistent with its labeling.
