If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth, if possible.

5. FIRE FIGHTING MEASURES

Extinguishing Media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special Exposure Hazards: Carbon oxides, silicon oxides.

Special Protective Equipment / Procedures for Firefighters: Wear self-contained breathing equipment.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions:	Wear protective clothing, chemical resistant gloves, and safety glasses. Avoid breathing vapours, mist or gas. Ensure adequate ventilation.
Environmental Precautions:	In case of spill isolate area and deny entry to unnecessary personnel. Do not let product enter drains, sewers, watersheds or water systems.
Containment / Clean-Up Methods:	Stop spill at the source. Construct temporary dikes of dirt, sand, or other appropriate material to prevent spreading of the material. Absorb with an inert material such as sand or vermiculite and place in an appropriate container for disposal. Wash area with detergent and water to reduce slipping hazard.

7. HANDLING & STORAGE

Handling:	Avoid contact with skin and eyes. Good standards of hygiene should be maintained at all times. Smoking, eating, and drinking are prohibited in the work area. For personal protection wear protective clothing, chemical resistant gloves, and safety glasses.
Storage:	Store in a cool, dry well-ventilated area at room temperature. Keep container tightly closed when not in use. Keep out of reach of children and livestock.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational Exposure Limits:	Not available.
Engineering Controls:	Local exhaust ventilation maybe necessary to control air contaminants to their exposure limits. The use of local ventilation is recommended to control emissions near the source. Provide mechanical ventilation for confined spaces.
Personal Protective Equipment :	<p>Clothing: Wear protective clothing and chemical resistant gloves when handling.</p> <p>Eye Protection: Wear safety glasses. Eye fountain and washing facilities should be present at work area.</p> <p>Respiratory Protection: Not normally required. A NIOSH-approved respirator may be used in misty environments without proper ventilation.</p>
