PrimaFresh[®] 660 GL

POSTHARVEST

SAFETY DATA SHEET

1. PRODUCT & COMPANY IDENTIFICATION

Product Name:	PrimaFresh [®] 660 GL	
Product Code:	10544	
Product Use:	High-gloss carnauba coating for global markets	
Restrictions:	For Agriculture Use Only	
Manufacturer:	Pace International, LLC	
Address:	5661 Branch Road, Wapato, WA 98951	
Phone Number:	800-936-6750 (Monday-Friday, 7:00 a.m. – 4:00 p.m.)	
Medical Emergency Phone Number: 888-271-4649 (PROSAR)		
Transportation Emergency Phone Number: 800-424-9300 (CHEMTREC)		

2. HAZARDS IDENTIFICATION

	R 1910 (2012 OSHA Hazard Communication Standard) by the 2012 OSHA Hazard Communication Standard (29 CFR
Classification:	Precautionary Statements:
Physical Hazards, Not Classified	Prevention Statements:
Health Hazards, Not Classified	Use good industrial hygiene practices in handling this material.
Environmental Hazards, Not Classified	Response Statements:
Hazard Symbols:	Wash hands thoroughly after handling.
None	Storage Statements:
Signal Word:	Store away from incompatible materials.
None	Disposal Statements:
Hazard Statements:	Dispose of contents/container should be made in accordance with
This mixture does not meet the criteria for classification.	applicable regional, national and local laws and regulations.
Other Hazards:	None known.
Hazard(s) not otherwise classified (HNOC):	None known.
Supplemental information:	None known.

3. COMPOSITION/INFORMATION ON INGREDIENTS Mixture

Non-hazardous by OSHA criteria.

4. FIRST AID MEASURES

Have the product container, label or Safety Data Sheet with you when calling a poison control center or physician, or going for treatment. You may also contact PROPHARMA (PROSAR) 1-888-271-4649 for emergency medical treatment information.
Wash skin with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.
Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Get medical advice/attention if irritation persists.
Rinse mouth. Do not induce vomiting. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Never give anything by mouth if victim is unconscious or is convulsing. Seek medical treatment.
Move person to fresh air. If symptoms persist, obtain medical attention.
Direct contact with eyes may cause temporary irritation.
Treat patient symptomatically.

5.	FIRE FIGHTING MEASURES		
	Suitable Extinguishing Media:	Water fog. Foam. Dry chemical powder. Carbon dioxide.	
	Unsuitable Extinguishing	Do not use water jet as an extinguisher, as this will spread the fire.	
	Media:		
	Special Hazards Arising from	During fire, gases hazardous to health may be formed.	
	the Chemical:		
	Special protective equipment	Self-contained breathing apparatus and full protective clothing must be worn	
	and precautions for	in case of fire	
	firefighters:		
	Fire-fighting	Move containers from fire area if you can do so without risk.	
	equipment/instructions:		
	Specific methods:	Use standard firefighting procedures and consider the hazards of other	
		involved materials.	
	General fire hazards:	No unusual fire or explosion hazards noted.	
	Hazardous combustion	May include and are not limited to: Oxides of carbon. Oxides of nitrogen.	
	products:	Ammonia.	

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Wear appropriate protective equipment and clothing during clean-up. Do not breathe mist or vapor. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, (see section 8 of the SDS).
Methods and materials for containment and cleaning up:	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.
Environmental precautions:	Do not allow product to enter sewers, lakes, streams or other bodies of water.

7. HANDLING & STORAGE

Precautions for
Safe Handling:Wash thoroughly after handling. Use good industrial hygiene practices in handling this
material. When using, do not eat, drink or smoke.

Conditions for Safe Storage, including any Incompatibilities: Store in a dry and cool area. Do not allow product to freeze. Store indoors at temperatures between 40°-90°F. Keep container closed and upright to prevent leakage and contamination. Once opened, use entire contents within 45 days. Keep out of reach of children.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION Occupational exposure limits

No exposure limits noted for ingredient(s).

	its noted for ingredient(s).
Biological limit values	
No biological exp	posure limits noted for the ingredient(s).
Appropriate engineering	Good general ventilation (typically 10 air changes per hour) should
controls	be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
Individual protection measure	s, such as personal protective equipment
Eye/face protection	Wear safety glasses with side shields (or goggles). Eye fountain and

PrimaFresh[®] 660 GL

washing facilities should be available.

Skin protection Hand protection Other	Wear impervious gloves. Confirm with reputable supplier first. Wear appropriate chemical resistant clothing. As required by employer code. Use of protective clothing (long sleeve shirt and pants).
Respiratory protection	Not normally required if good ventilation is maintained. Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Respirator should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134).
Thermal hazards	Not applicable.
General hygiene considerations	Use good industrial hygiene practices in handling this material. When using do not eat, drink, or smoke. Wash thoroughly after handling. Routinely wash work clothing and protective equipment to remove contaminants.

9. PHYSICAL & CHEMICAL PROPERTIES

Physical state:	Liquid	Upper/Lower flammability limits:	Not available
Appearance:	Slightly black, clear	Vapor pressure:	Not available
Odor:	Slight ammonia odor	Vapor density: (air =1)	Not available
Odor threshold:	Not available	Specific Gravity: (H ₂ O = 1)	.995
pH:	10	Solubility:	Miscible with water
Melting/Freezing point:	Not available	Partition coefficient	Not available
		(n-octanol-water):	
Pour Point	Not available	Auto-ignition temperature:	Not available
Initial boiling point and boiling range:	212°F (100°C)	Decomposition temperature:	Not available
Flash point:	< 200°F	Viscosity:	<20 Ostwald
Evaporation rate:	Not available	Explosive properties:	Not explosive
Flammability (solid, gas):	Not applicable	Oxidizing properties:	Not oxidizing

10. STABILITY & REACTIVITY

Reactivity hazards: Possibility of Hazardous Reactions:	This product may react with strong oxidizing agents. No dangerous reaction known under conditions of normal use.
Chemical stability:	Material is stable under normal conditions.
Conditions to avoid:	Do not mix with other chemicals.
Incompatible materials: Hazardous decomposition products:	Strong oxidizing agents. May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Ammonia.

11. TOXICOLOGICAL INFORMATION

Routes of exposure	Eye, Skin contact, Inhalation, Ingestion.	
Information on likely route	es of exposure	
Ingestion	May cause stomach distress, nausea or vomiting.	
Inhalation	No adverse effects due to inhalation are expected.	
Skin corrosion /	No adverse effects due to skin contact are expected.	
irritation:		
Eye damage /	Direct contact with eyes may cause temporary irritation.	
irritation:		
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.	
Information on toxicological effects		
Acute toxicity	Not available.	
Skin corrosion/irritation:	Prolonged skin contact may cause temporary irritation.	
Serious eye damage/eye	Direct contact with eyes may cause temporary irritation.	

PrimaFresh[®] 660 GL

Irritation:	
Respiratory sensitization:	Not a respiratory sensitizer.
Skin sensitization:	This product is not expected to cause skin sensitization.
Germ cell mutagenicity:	No data available to indicate product or any components present at greater than
	0.1% are mutagenic or genotoxic.
Carcinogenicity:	See below.
US. OSHA Specifically Reg	ulated Substances (29 CFR 1910.1001-1050)
	Not listed.
Reproductive toxicity:	This product is not expected to cause reproductive or developmental effects.
Teratogenicity:	Not available.
Specific target organ	Not classified.
toxicity -	
single exposure:	
Specific target organ	Not classified.
toxicity -	
repeated exposure:	
Aspiration hazard:	Not an aspiration hazard.
Chronic effects:	None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity	Not available.
Persistence/ degradability:	No data is available on the degradability of this product.
Bioaccumulative potential	
Mobility in soil:	No data available.
Mobility in general:	Not available.
Other adverse effects:	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. DISPOSAL CONSIDERATIONS

Disposal instructions:	Recover or recycle if possible. Do not discharge into sewers, lakes, streams, or other bodies of water. Disposal should be made in accordance with applicable regional, national and local laws and regulations. Consult appropriate regulatory officials for information on disposal, keeping in mind that local regulations may be more stringent than regional or national requirements.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. TRANSPORT INFORMATION

Transport of Dangerous
Goods (TDG) Proof of
ClassificationClassification Method: Classified as per Part 2, Sections 2.1 – 2.8 of the
Transportation of Dangerous Goods Regulations. If applicable, the technical name
and the classification of the product will appear below.

U.S. Department of Transportation (DOT)

Not regulated as dangerous goods.

15. REGULATORY INFORMATION

US FEDERAL
REGULATIONSThis product is a "Non-Hazardous Chemical" as defined by the OSHA Hazard
Communication Standard, 29 CFR 1910.1200.TSCA Section 12(b)Export Notification (40 CFR 707, Subpt. D)

CERCLA Hazardous Substance List (40 CFR 302.4)

Not regulated.

This Safety Data Sheet (SDS) may provide more information than the product label but does not replace or modify the product labeling (attached to and accompanying the product container). The product SDS and the product label both provide consistent and important health, safety, and environmental information as required by the Occupational Health and Safety Act (29 CFR 1910.1200, "Hazcom"). This requirement covers employers, employees, emergency responders, users and others handling the product. All necessary hazard classification and appropriate precautionary, use, storage, and disposal information is set forth on the labeling and the SDS. **SDS preparation date:** November 27, 2018 **Replaces MSDS dated:** ----
