Statement of Safety and Efficacy:

These products have a history of safe use, are efficacious, and approved for direct food use when used in accordance with label directions and good manufacturing practices. Products listed above do not contain morpholine or quaternary ammonium compounds. Products do not contain ingredients known to be derived from eggs, gluten (wheat), milk (casein), mustard, peanuts, seafood, sesame, soy, sulphites, tree nuts or any other known food allergens.

Statement of Compliance:

Products are registered at the U.S. Environmental Protection Agency (EPA), meet regulations set forth in the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and comply with appropriate parts of 40 CFR.

Qualifications:

Pace International LLC meets the requirements of SQF Code, A HACCP-Based Supplier Assurance Code for Food Industry, SQF Levels: Food Quality Code and Food Safety Code in Manufacturing. Pace International's chemical testing laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2017 General Requirements for the Competence of Testing and Calibration Laboratories.

Limits of Use and Special Directions:

It is a violation of Federal Law to use these products in a manner inconsistent with their labeling. These products must be applied as per label instructions by qualified, licensed commercial pesticide applicators, where required by state regulations. Refer to directions on the product label for more information.

Sincerely,

Simone Seifert-Higgins, Ph.D.
