Statement of Safety and Efficacy:

These products have a history of safe use and are efficacious when used in accordance with label directions and good manufacturing practices. Products do not contain microcrystalline wax, paraffin wax, SOPP, fungicides, morpholine or quaternary ammonium compounds. These products do not contain ingredients known to be derived from eggs, gluten (wheat), casein, mustard, peanuts, seafood, sesame, soy, sulphites, tree nuts, or any other known food allergens. To the best of the company's knowledge, these products are not made with Genetically Modified Organisms (GMOs), nor do they contain any ingredients produced with GMOs. Manufacturers of the raw materials used in production of these products state that no per- and polyfluoroalkyl substances (PFAS) were intentionally added. Pace has not intentionally added any PFAS to these products.

Statement of Compliance:

These products comply with all applicable rules set forth by the U.S. Food and Drug Administration (FDA) in 21 CFR (Code of Federal Regulations) for cleaning fruits and vegetables and/or equipment. Ingredients are either FDA-approved food additive or have been found Generally Recognized As Safe (GRAS) which is FDA's designation that the substance added to food is considered safe by experts.

Compliance with USDA National Organic Standards:

Nature's Shield 110-NCL, Nature's Shield 220-ACL, and Nature's Shield 330-ALK comply with standards developed and enforced under the United States Department of Agriculture (USDA) National Organic Program (NOP) under 7 CFR § 205. Products have been determined suitable for use on organic crops and are registered input materials for processing and handling: fruit wash under the Washington State Department of Agriculture (WSDA) Organic Program (Registration number: 276 valid through December 31, 2024).
