### Statement of Safety and Efficacy:

These products are safe and efficacious when used on apples and/or pears in accordance with label directions and good manufacturing practices. Products do not contain microcrystalline wax, paraffin wax, SOPP, fungicides or quaternary ammonium compounds. These products do not contain synthetic colors, artificial sweeteners, or high fructose corn syrup. These products do not contain ingredients known to be derived from eggs, gluten (wheat), casein, mustard, peanuts, seafood, sesame, soy, sulphites, tree nuts, or other known food allergens. Natural Shine 320-OR and Shield-Brite AP-34 contain ingredients known to be derived from corn. To the best of the company's knowledge, these products are not made with Genetically Modified Organisms (GMOs), nor do they contain any ingredients produced with GMOs. Manufacturers of the raw materials used in the production of these products state that no per- and polyfluoroalkyl substances (PFAS) were intentionally added. Pace has not intentionally added any PFAS to these products.

### Statement of Compliance:

These products comply with all applicable rules set forth by the U.S. Food and Drug Administration (FDA) in 21 CFR (Code of Federal Regulations) for fruit and vegetable coatings, including but not limited to 21 CFR §182.1320, §184.1555, and/or §184.1978. Ingredients are either FDA-approved food additive or have been found Generally Recognized As Safe (GRAS) which is FDA's designation that the substance added to food is considered safe by experts.

### Compliance with USDA National Organic Standards:

Natural Shine 320-OR, Natural Shine 505-OR, and Nature-Guard comply with standards developed and enforced under the United States Department of Agriculture (USDA) National Organic Program (NOP) under 7 CFR § 205. All three products have been determined suitable for use on organic crops and are registered input materials for processing and handling: fruit wax under the Washington State Department of Agriculture (WSDA) Organic Program (Registration
